27- 28 January 2020

# Learning for Change for Students

Do you know  
what you know?

**What some call 'intuition' is a hidden treasure trove of knowledge, which you can learn to access. Join us to do just that at a two day workshop which bridges the gap between the University and the private sector.**

**You'll bring a case study from your own experience and together with others you will go through a structured program which allows you to extract as much learning as possible from your experiences and theirs.**

**Lunch and refreshments will be provided!**

This event is **free** for students. We have limited spaces, so sign up fast at <https://tinyurl.com/sbwbo66> or scan the QR code. Don't miss out on this amazing opportunity!
